**18/18 Highways**  
**Update - work reported to Highways:**  
F309425 - gullies - enquiry raised by Derbyshire County Council (DCC) - no update  
**Action: Clerk to follow up**  
**F309465 - road signs – email from Traffic and Road Safety Service Engineer**  
*I do have concerns over the section of Mapleton Road which rises to a crest to the north of Oakwood. On driving along Mapleton Road, I found that there is no advance warning of this hazard and that given the presence of the bends on both approaches, drivers will only encounter the crest at short notice. I note from official safety data that the only recorded accident along Mapleton Road in the past three years took place at this crest. The accident resulted in slight injuries to both drivers and to one of the vehicles overturning. I am therefore prepared to introduce warning signs on both approaches to this crest. The signs will be sited in advance of the aforementioned bends and will warn motorists of a "blind summit". I will also order supplementary SLOW markings to be positioned alongside the new signs. These signs and markings should hopefully have the effect of moderating vehicle speeds along much of the greater section of Mapleton Road you mentioned in your original email. I would mention that a double bend warning sign is currently in place near Maskery's farm, facing traffic approaching from Ashbourne. This sign is frequently obscured by foliage and is technically incorrect since the road bears right for a considerable length before eventually reaching a slight curve to the left that would not normally be signed. I consider that the new sign should have the effect of raising drivers' level of attention towards the road layout, consequently I shall arrange for this sign to be removed at the same time as the new signs are installed.*  
Cllrs were pleased with this report.

**Work to report to Highways**  
**Action: Clerk to contact Cllr Bridgett, Chair of the Okeover Annual Parish Meeting about the potholes / damaged bollard on Birdsgrove Lane and potholes by the Mill Race**  
**Action: Clerk to check wall nr stile / wall on road by path along riverbank**

**18/19 Maintenance / Rights of Way**  
**Action: Clerk to follow up with Graham re vegetation clearing at Mapleton**  
**Other:**  
Cllrs concerned about proposed allotments on arable land behind cottages. They think this would impact on the tenant who farms this land, and would also have an adverse effect on the view from parishioners' houses. Cllrs think that the land at the back of the Sports Field would be more suitable for allotments, and is near a water supply.  
**Action: Clerk to write to the Estate**
